AKOplus

- Safety Mat

AKOplus has a PVC granulate surface for extreme grip, bonded to a heavy duty open cell foam. It can be custom cut to the size you require. AKOplus is self-securing if the mat is over 3 sqm or may be fixed down with screws and washers.

- Safe - highly slip resistant even in wet or icy conditions
- Excellent sound absorption
- UV, temperature and water resistant
- Free draining holes, suitable for icy conditions
- Easy to install with screws & washers. (supplied by Advance Matting)

Roll widths:

900mm, 1200mm, 1800mm

Roll Length: 10 meters

Thickness: 6mm

Guarantee

- AKOplus is fully guaranteed for 1 year against failure due to manufacturing defects
- AKOplus is guaranteed to lie flat and be safe
