Sentry

- Entrance Mat

Sentry mats are engineered to be the first line of defence to any facility to stop water, dirt and grit at the doorway. Sentry mats are constructed with a unique fibre blend providing crush resistant performance and raised diamond pattern to remove debris.

- Crush resistant diamond pattern
- Recycled rubber backing
- Drainage holes in each corner
- Can be exposed to elements
- Reinforced edge to resist curling
- Stops water, dirt & grit at doorway
- For use in high traffic indoor entranceways & covered outdoor areas.
