Waterhog Eco Elite carpet must be installed by a competent and experienced carpet installer and we recommend the full stick method - more information on the recommended installation procedures is available on our website www.advanceflooring.co.nz or upon request.

Recommended Adhesives

Interior (Dry) and Solvent Free: Uzin20005

Cleaning and Maintenance

Proper maintenance is one of the most important factors to ensure good performance of any carpet. Waterhog Eco Elite should be vacuumed daily as it will collect dirt before it is tracked into the interior of the building. More information on the recommended maintenance procedures is available on our website www.advanceflooring.co.nz or upon request.
