TubeGrip

- Wet Area Safety Mat

A lightweight yet adaptable matting choice for comfort and safety.

Perfect for use in wet areas, swimming pools, changing rooms, marine areas, pack houses, boats and more.

Hollow PVC tubing with textured surface provides high slip resistance and comfort.

Standard Sizes:

900mm wide & 12m long roll

Thickness: 11mm

Colour: Grey

- Built with hollow PVC tubes on both the surface and underside for exceptional strength
- UV-stable for outdoor use in New Zealand
- Textured, slip-resistant surface
- Allows good drainage and promotes faster drying
- Helps reduce the spread of fungal infections
- Resistant to oils, acids, alkalis, and chlorine
- Low-profile design reduces the chance of tripping

Guarantee

- TubeGrip is fully guaranteed against breakage for 2 years subject to correct installation and maintenance
