TubeGripHD

- Wet Area Safety Mat

A heavy-duty option designed for long-lasting performance.

Our strongest, highest quality, multipurpose matting for use in wet areas, swimming pools, changing rooms, marine areas, pack houses, boats and more.

Solid PVC tubing provides high durability and prevents bacteria buildup.

Standard Sizes:

1200mm wide & 12m long roll

Thickness: 11mm

Colour: Grey

- Built with solid PVC tubes on both the surface and underside for exceptional strength
- UV-stable for outdoor use in New Zealand
- Textured, slip-resistant surface
- Anti-fungal and anti-bacterial protection
- Helps reduce the spread of fungal infections
- Resistant to chemicals including acids, alkalis, oils, and chlorine
- Extremely durable and made for heavy use

Guarantee

- TubeGripHD is fully guaranteed against breakage for 2 years subject to correct installation and maintenance
